Fellow & prospective ABCD Members,

We greatly appreciate your interest and participation in our organization. Your annual membership dues and/or sponsorship help support our mission at the Eastern New York Chapter of the Association for Bridge Construction and Design (ABCD).

Our purpose:

- To further educate bridge designers, constructors, Federal, State, and local officials, and the general public in the vital role of bridges in our society.
- To improve and encourage the science of bridge design, construction, maintenance, and reconstruction by providing a forum for members to exchange and develop new ideas and techniques.
- To provide technical information and assistance to various public and private authorities for bridge programs.
- To further educate and encourage public and private authorities in new and improved techniques for testing and reconstruction of bridge structures to promote the public welfare.

My fellow Board Members and I strive to serve the members with the highest level of integrity and professionalism. The ENY Chapter of ABCD continues to sponsor youth educational events such as the Future City Competition and the AISC Steel Bridge Competition, the RPI Steel Bridge Team, as well as continuing education programs like the Statewide Conference on Local Bridges. We also continuously work to provide a full complement of accredited dinner meetings and social events to bring our members together.

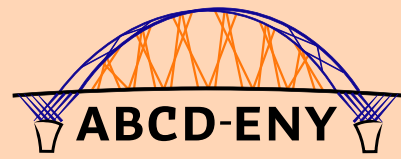

We kindly ask for financial support by either signing up as a new member, renewing your membership, or possibly becoming a sponsor. Your support helps us sustain and expand the mission of our organization to the local community, future generations of engineers, contractors, and suppliers.

To renew your membership or join for the first time, please complete the attached Membership Form for 2025.

It's a privilege to serve as the President of the Eastern NY Chapter of the Association of Bridge Construction and Design. Thank you for your interest and continued support in our organization. I look forward to seeing you at our events.

Sincerely,

Daniel Thomas, MS, PE
President
